

## California ADA CE Certificate of Completion Information Addendum

**Course Number JGB10A** This information to be transferred to you state license renewal form.

Course Title: Egress Path Marking Systems

Subjects Covered in Course:

Upon completion of this course, the design professional will be able to:

1. List the new 2009 IBC/IFC path marking requirements in a high-rise stairwell.
2. Describe which high-rise occupancies are affected by the new 2009 IBC/IFC requirements.
3. List the requirements for exit enclosures and exit pathways that must be addressed to be in compliance with the new 2009 IBC/IFC.
4. Describe UL 1994 and UL 924 and explain why this is important for luminous egress path markings and exit signs.
5. Explain the ADA signage requirements (Cal-DAG/Accessibility) as required within the building and Fire Code.
6. Explain the advantages of specifying photoluminescent systems in both new construction and retrofit projects.

Name of Course Provider: Ron Blank & Associates, Inc. - AIA Provider number K066
